The fastidious and more demanding customers all have one thing in common.

They all have Sharon in them!

Indian with a Japanese heart

Sharon, India's Only Plywood manufacturer to have exported to the highly quality-specific country of Japan. The high-end Japanese technology that protects Plywood from inside against Borers, Termites & Powder, used by Sharon since 1994 was specifically formulated by the Wood Research Institute at the University of Kyoto - the world's leading institute in the area of plywood research for more than 3 decades. After winning the appreciation of Architects as well as carpenters for nearly two decades, Sharon is today the undisputed leader when it comes to quality and consistency. The strength of Sharon lies in the stringent quality standards followed strictly, right from choosing the wood, to the final dispatch of plywood sheets. The state-of-the-art factory has the very best machinery including the advanced Pre - Press machine. Every sheet of plywood produced at Sharon is Double-Pressed and has the ISI mark.

Sharon's mission to maintain the highest standard in the manufacturing process helped it become the first plywood & veneers manufacturer in Tamil Nadu to be awarded the ISO 9002 certificate.

Sharon's commitment to this mission was recognised further by being upgraded from ISO 9002 to ISO 9001 (2000).

Sharon has also added another FIRST to its credit, by becoming the first plywood manufacturer in Tamilnadu to be acknowledged for its responsibility towards environment, with the ISO 14001 certificate conferred for Environmental Management System. Sharon's commitment to quality has earned it worldwide recognition like the IHPA certification. Over the years Sharon has proven itself in the export field earning the prestigious CAPEXIL Export Performance award for three consecutive years.

Now, Sharon is also an FSC certified plywood manufacturer, a prestigious certification for those conscious about the environment.

Sharon Gold Ply is the star of the Sharon stable.
Every sheet of Sharon Gold Ply is manufactured
from 100% Hardwood by highly skilled & trained
workforce. Until 1997 the entire production of
Sharon Gold Ply was exported to Japan.

It set a new bench mark in product strength and
consistency to the quality conscious consumers
in India. Sharon Gold Ply is available in both MR
and BWR grade.

Sharon Platinum Ply is the ultimate tribute to product excellence. The ONLY plywood in India with a thick face of veneer, Sharon Platinum Ply offers unmatched strength, rigidity and

dimensional strength. With a Guarantee Forever, Sharon Platinum Ply is the most preferred by connoisseurs of fine living and is often seen used in exclusive villas and star hotels.

Sharon Elastiply revolutionises the concept of architectural and furniture design. This incredibly flexible plywood can be bent to any shape to give life to many a designer's dream
